HMPF acquired a stock certificate issued by The Reading & Columbia Rail Road Company. The certificate, for two shares at \$50.00 per share, was issued to John Cassel. It is dated the twenty sixth day of July, 1862 and signed by W. G. Case as president and J. B Tshudy as treasurer. The certificate is for the rail road line that established the station in Manheim. It is believed that John Cassel was the John H. Cassel from the Lancaster Junction and Seller Station area. See the accompanying 1899 maps.
